## INTERNATIONAL SEARCH REPORT

Internati Application No PCT/EP2005/001457 A. CLASSIFICATION OF SUBJECT MATTER IPC 7 C12N15/82 C12N C12N9/10 According to International Patent Classification (IPC) or to-both national classification and IPC **B. FIELDS SEARCHED** Minimum documentation searched (classification system followed by classification symbols) IPC 7 C12N Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched Electronic data base consulted during the international search (name of data base and, where practical, search terms used) EPO-Internal, BIOSIS, WPI Data, PAJ, EMBASE, MEDLINE, Sequence Search C. DOCUMENTS CONSIDERED TO BE RELEVANT Citation of document, with indication, where appropriate, of the relevant passages Relevant to claim No X MARTIN, R. C. ET AL.: "Development of 10 - 13transgenic tobacco harboring a zeatin o-glucosyltransferase gene from Phaseolus" IN VITRO CELL . DEV. BIOL., vol. 37, no. 3, May 2001 (2001-05), pages 354-360, XP002301358 ISSN: 1054-5476 Transgenic tobacco expressing the zeatin O-glucosyltransferase (ZOG1) from Phaseolus lunatus. Constitutively overexpressing plants show adventitious roots, shorter stature, and axillary shoots. -/--Further documents are listed in the continuation of box C. Patent family members are listed in annex. Special categories of cited documents: T\* later document published after the International filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention "A" document defining the general state of the art which is not considered to be of particular relevance "E" earlier document but published on or after the international "X" document of particular relevance; the claimed invention -- cannot be considered novel or cannot be considered to involve an inventive slep when the document is taken alone 'L' document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified) "Y" document of particular relevance, the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art. \*O\* document referring to an oral disclosure, use, exhibition or other means document published prior to the International filing date but later than the priority date claimed "&" document member of the same patent family Date of the actual completion of the international search Date of mailing of the international search report 27 July 2005 11/08/2005 Name and mailing address of the ISA Authorized officer European Patent Office, P.B 5818 Patentlaan 2 NL - 2280 HV Rijswijk Tel.
